

## A VERY SPECIAL DONOR

Olivia Lamons is a quiet 8-year old who took it upon herself to collect donations for heartworm treatments for the dogs at the Oconee County Animal Shelter. In a very short period of time, the founder of Project Shelter Helper and future entrepreneur collected \$800.80.

In Olivia's own words, "I wanted to help the animals at my local shelter so I decided to collect donations to help pay for heart worm medicine and other things they need to prepare them for adoption. Every dollar helps."
